We are here to serve you through the Covid-19 health situation.

March 25, 2020

Dear Valued Customer,

In accordance with Michigan Executive Order 2020-21 dated March 23, 2020 ("Executive Order"), several customers have designated Mid-West Instrument as a business whose continued operation is necessary to enable, support and/or facilitate the work of critical infrastructure workers.

Mid-West prides itself on this designation and is currently receiving and processing orders to ensure that our customers can enable, support and/or facilitate such workers during this crisis. We are strictly following CDC protocols to protect the health and safety of our employees and complying with government mandates so that we can continue to serve you through the COVID-19 situation.

Thank you for your continued support and may you and your staff remain safe during these difficult times. Kind

Regards,

Tim LeBel
North American Sales Manager
